

01 Empowering Young Minds “Think STEM”

During a memorable visit, Boeing and INJAZ Qatar had the honor of witnessing the creativity and innovation of the students at Edison International Academy (Dahl Al Hamam). Sheikha Hanadi Al Thani, Chairperson of INJAZ Qatar, and Mr. Kuljit Ghata-Aura, President of Boeing Middle East, Turkey, and Africa (META), were delighted to interact with the talented young minds, exchanging ideas and encouraging their passion for learning.

The students showcased their impressive projects, demonstrating their ability to think critically, solve problems, and unleash their boundless creativity.

INJAZ Qatar is proud to support initiatives that nurture the potential of the next generation of innovators and leaders. By collaborating with Boeing, we aim to create an ecosystem that equips students with the required skills.

Together, we are dedicated to empowering young minds and shaping a brighter future through the power of STEM education.

Two Days at CUC Ulster University "Entrepreneurship Master Class" and an "Innovation Camp" program

INJAZ Qatar had the pleasure of organizing two entrepreneurship workshops: the "Innovation Camp" sponsored by Citibank and the HSBC-sponsored "Entrepreneurship Masterclass" for approximately 80 students from Doha British School (Al Wakra). The camp, which was held at the CUC Ulster University campus, provided an enriching learning experience for the students.

We extend our gratitude to the volunteers from Citibank and HSBC for their support and commitment in empowering the youth. Their involvement and mentorship played a crucial role in inspiring and guiding these young minds towards innovation and growth.
